

BULLABULLING GOLD LIMITED TAKEOVER OFFER UPDATE

18 August 2014

About Norton

Norton Gold Fields Limited (ASX:NGF) is an established mid-tier gold producer.

In CY2013, Norton produced 172,739 ounces of gold from its open cut and underground operations at Paddington, near Kalgoorlie in Western Australia.

Norton's growth will come from optimising existing operations and acquiring and developing resources.

- **Offer period now scheduled to close at 7:00pm (GMT) on 15 September 2014**
- **Norton has a relevant interest in 83.07% of Bullabulling**
- **Further guidance provided to Bullabulling shareholders on Norton's intention to seek Bullabulling delisting from ASX and AIM**

Norton Gold Fields Limited (**Norton**) provides the following important updates in relation to its takeover offer to acquire Bullabulling shares (**Offer**):

Further Guidance on Norton's Intentions

Norton now has a relevant interest in more than 75% of Bullabulling and, as foreshadowed (see NGF update 28/07/14), Norton will now seek to advance the delisting of Bullabulling shares from the ASX, subject to approval from the ASX and compliance with the ASX Listing Rules.

Norton will also now seek to advance the delisting of Bullabulling from AIM, subject to compliance with the AIM Rules for Companies.

The Offer is now scheduled to close at 7pm (GMT) on 15 September 2014.

Review of Bullabulling Gold Project

Norton has begun a review of the Bullabulling Gold Project to identify the most effective means of exploring and developing the project. Although a decision has not yet been made, Norton cautions that any decision to progress the Bullabulling Gold Project will be subject to a number of factors, including the gold price and general market conditions. If the ultimate outcome of the review is to defer or delay any decision to proceed with advancing the project for a material period of time, then Bullabulling shareholders who elect not to accept the Offer should be aware that such a delay could adversely impact their ability to realise any value for their holding.

Bullabulling shareholders are urged to act quickly in accepting or risk losing the value presented by Norton's Offer. There is no reason to delay your acceptance of the Offer.

If Norton does not obtain 90% of all Bullabulling shares on issue and Bullabulling is delisted from the ASX and AIM (in accordance with the requirements of each exchange), it is likely that there will be no liquid market for the sale of Bullabulling shares, and Bullabulling shareholders will only be able to sell their shares off market.

A Notice of Variation is attached to this announcement.

If you have any questions about the Offer, please contact your broker or financial adviser, or call the shareholder information line on 1300 308 902 (for callers within Australia) or +61 2 8022 7092 (for callers outside Australia).
